**IconCMO – Church Management Online.** CMO is an Internet based system that operates using your web browser. There is no software to load, hardware to maintain, or product updates to worry about. All administration and backups are managed by Icon Systems. The complete system, which includes Membership, Fund Accounting and Parishioner Access, is available in a simple monthly subscription. Pricing is based on the number of households managed within the IconCMO membership system.

## Add-ons:

**IconCMO Payroll** module is developed to assist small and medium sized organizations in writing out payroll checks quickly and accurately without having to incur high expenses.
